Subject: **Therml=Block[®] Wide Stile Thermal Doors**

Description: Wide Stile Therml=Block[®] Doors are now available. The doors have a wide stile dimension of 5" with a 5" top rail and a 10" bottom rail as standard. The standard mid rail will be 4" high (stops on both sides will match vertical and top rail sightline). 5" rabbeted stiles for a continuous hinge application are available. The meeting stile on a pair of doors includes our improved adjustable astragal and standard weathering.

The stile and rail components are assembled after finishing, so as with our medium stile thermal doors and thermal frames, dual color finishing is available. Custom door multipliers will be used to calculate pricing.

List prices are as follows:

3'0" x 7'0" Single - TWS3684 = \$1,115
Up to 4'0" x 8'0" Single - TWS4896 = \$1,411
6'0" x 7'0" Pairs - TWS7284 = \$2,250
Up to 8'0" x 8'0" Pairs - TWS9696 = \$2,643
