Subject: **P0017**

Description: ¼"-1" Door Glazing Gasket.

P0017 was released in April of 2007 to replace both P302 and P1431 door gaskets. At that time the list price was established at a level near the previous price of P1431. With the price increases of all petroleum based products, our cost for this gasket indicated a price increase was necessary. We are currently looking for another supplier to keep the list price closer to previous levels. The new list price of the P0017 door gasket will be \$130.00 per 500' roll, effective May 1, 2008.
