LEADERS IN ECO-EFFICIENT STOREFRONT,  
CURTAINWALL AND ENTRANCE SYSTEMS

Date: **02/09/16**

Engineering Bulletin: **021603**

Effective Date: **March 21, 2016**

Released By: **Greg Hall**

Subject: **14000 & 14000 I/O Sill Flashing End Dam**

The P1153 sill flashing end dam will be obsoleted and replaced with P2455. The P2455 is an improved end dam and will be provided at no additional cost over the P1153.

Orders placed on or after March 21, 2016 for sill flashing end dams will be filled with P2455.

The online version of the Price Book as well as the installation instructions will be updated soon to reflect this change.
